

I am paying the pre-adoption deposit of 50.00 to hold a kitten or cat.

*I understand that this deposit puts a hold on the animal named above and ensures that I am serious about adopting this animal. I understand that this deposit is **NON REFUNDABLE**.*

I also understand that what is listed on this form is what LLLFR requires from me to be considered to adopt the animal above.

Our policy for adoption insures that the animal is going to a caring, healthy, safe, secure and well informed FURever home.

The total fee's include micro chipping and a spay/neuter deposit. Sometimes kittens and mama's have already been spayed/neutered. If this is the case there will be no Spay/Neuter deposit or return of the deposit. The spay/neuter deposit is refunded when proof of spay/neuter has been received. Please see spay/neuter deposit form for details.
