

THANK YOU for considering adopting an animal from **LIVE AND LET LIVE FARM RESCUE (LLLFR)**. Please read below before signing and submitting your application. We hope that we will be able to assist you in adopting the animal that you requested.

**Please fill out this application COMPLETELY.** This application is designed to assist you in finding an animal suitable to your lifestyle. By signing this application you acknowledge that there is some risk in adopting an animal from any shelter, humane organization or rescue. The risk comes from the lack of, or inaccurate background information on the animals health and temperament. We evaluate all incoming animals for temperament and health. Often problems do not show up until a animal is in its new home and family situation and time has passed.

**"BUYERS INSPECTION AND REFUND"**

"Under state law you have the right to inspect the official health certificate containing a description and medical history of any dog or cat offered for sale and to have a copy of such certificate for any animal you may purchase."

"Under the law ,within 14 days of your purchase,you may have the dog or cat examined by a licensed veterinarian of your choice. Unless such exam indicates the animal is free of disease,you may obtain a substitution of a similar animal of equal value or, at your option, a full refund of the purchase price but only if within 2 business days of such examination you return the diseased animal to the store along with a written statement from the veterinarian that the animal was not free of disease."
